

Increase Efficiency With A Consistent Cloud Desktop Experience

Afinety's Managed Cloud Solutions are designed specifically for law firms. We deliver your firm's desktops and applications through our fully managed, secure, and reliable cloud platform. Our team of experts will take care of everything from application updates to security improvements so your firm can focus on what you do best—practicing law.

We help by:

- Lowering the cost and complexity of delivering modern IT solutions.
- 24/7 access to deep expertise in managed IT services and cloud solutions.
- Increasing productivity of your distributed team.
- Unlocking tangible savings in your current IT spend.
- Enhancing your security posture.
- Ensuring ongoing compliance with the latest legal industry standards.

The Afinity Difference

Eliminate the stress and complexity of IT with our fully-managed IT solutions.

State-of-the-art cloud desktops

Enhance your security posture

Concierge-level service

Expertise in IT and cloud solutions

“We decided to go with Afinity because they had the system, the security, and the support that were the right fit. I trusted them, and we also liked the Amazon Web platform the Afinity system was based on. Afinity offered us a partnership and room to grow.”

Susan Olson | Chief Executive Officer | Hawley Troxell
