IT Solutions for Law Firms

IT Solutions has supported legal teams since 1994 and is recognized as a Top-5 provider of IT services for law firms. We provide cybersecurity, cloud, compliance, and managed IT services tailored to the pace and requirements of legal practice. We don't ask your firm to adapt to us—we build and support an IT environment that works the way you do.

A Legacy of Legal IT Excellence

- Partners of the National ALA and The Law Office Management Association
- Legal application expertise and partnerships with Worldox, NetDocuments, etc.
- Proudly serving 120+ law firms across North America
- SOC 2 Type II certified and PCI Compliant

IT Services for Law Firms

Our solutions drive productivity, reduce risk, and will help you serve clients more effectively.
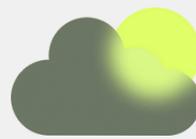

Total IT Legal
Fully managed IT support exclusive to law firms

Cybersecurity
Protect client data, meet compliance, and minimize risk

Cloud
Secure, remote-ready infrastructure for modern practice

IT Advisory
Proactive guidance and roadmaps from Strategic Advisors

The ITS team has been a valuable educator & steward of our systems. We have current cybersecurity software & protocols, responsive support, & a true collaborative partnership.

– Managing Partner, Local Law Firm

Say Goodbye to IT Frustrations
